## WASHINGTON, D.C.

THE U.S. DEPARTMENT OF ENERGY PUBLISHED A FINAL RULE THAT SETS NEW ENERGY EFFICIENCY STANDARDS FOR DISTRIBUTION TRANSFORMERS.

**15-YEAR PROVEN TRACK RECORD!**

We're way ahead of them. Since 1993, the AECI Specialty Transformer has been demonstrating the value of low loss transformers for small load applications. With no load losses as low as 8 watts, the AECI Specialty Transformer is the ideal, cost-effective power source for control power and other small load applications such as:

- Capacitor racks
  - Electronic reclosers
  - Street lighting
- AND MANY OTHERS**

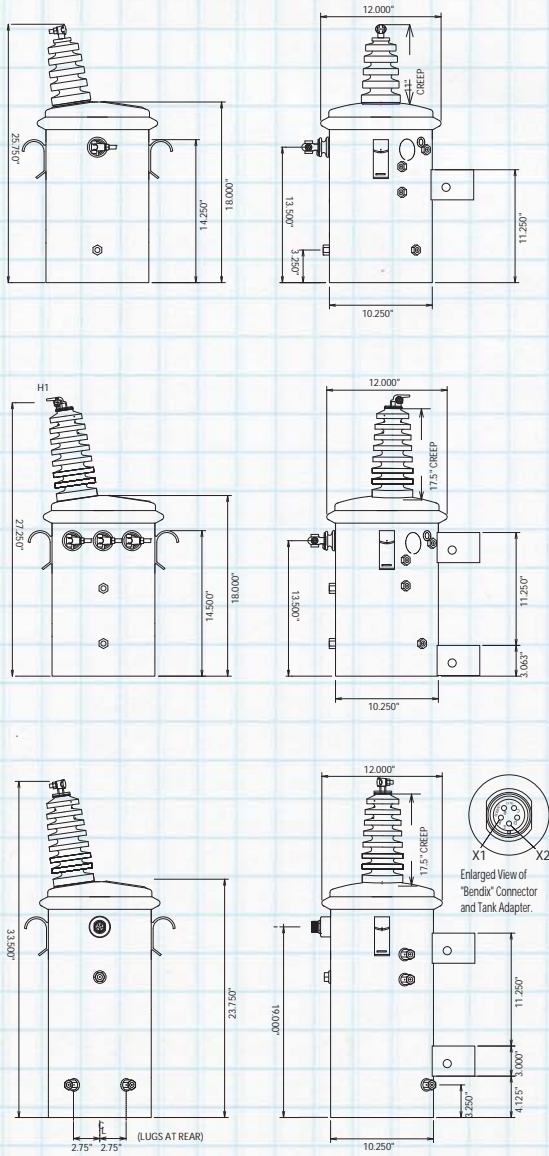

Contact us today for more information on how we can reduce your losses in small load applications!

**AECI Specialty Transformer**

Contact us today about increasing efficiency in your control power applications.

The AECI Specialty Transformer is available in a variety of configurations. Consult your representative or contact the factory with your specifications.

## PRODUCT DATA:

- kVA Ratings: 0.5 through 5.0
- HV Ratings: 2400v through 36000v
- LV Ratings: 120, 120/240, 277, 240/480
- BIL Ratings: 95 kV through 170 kV
- HV Bushings: 1 or 2

## AVAILABLE OPTIONS:

- Internal Weak Link
- Lightning Arresters
- Stainless Steel Tank
- Wildlife Protection
- 5 Pin LV Connector
